The rainforest is home to beautiful **dart frogs**. some are Blue, some are Red, some are orange, some are green, and some look like a rainbow! **Color each one a different color.** Even though they are pretty, these frogs are poisonous. sin is like that – it can look fun, but really it hurts you. God loves us so much, He tells us to stay away from sin!

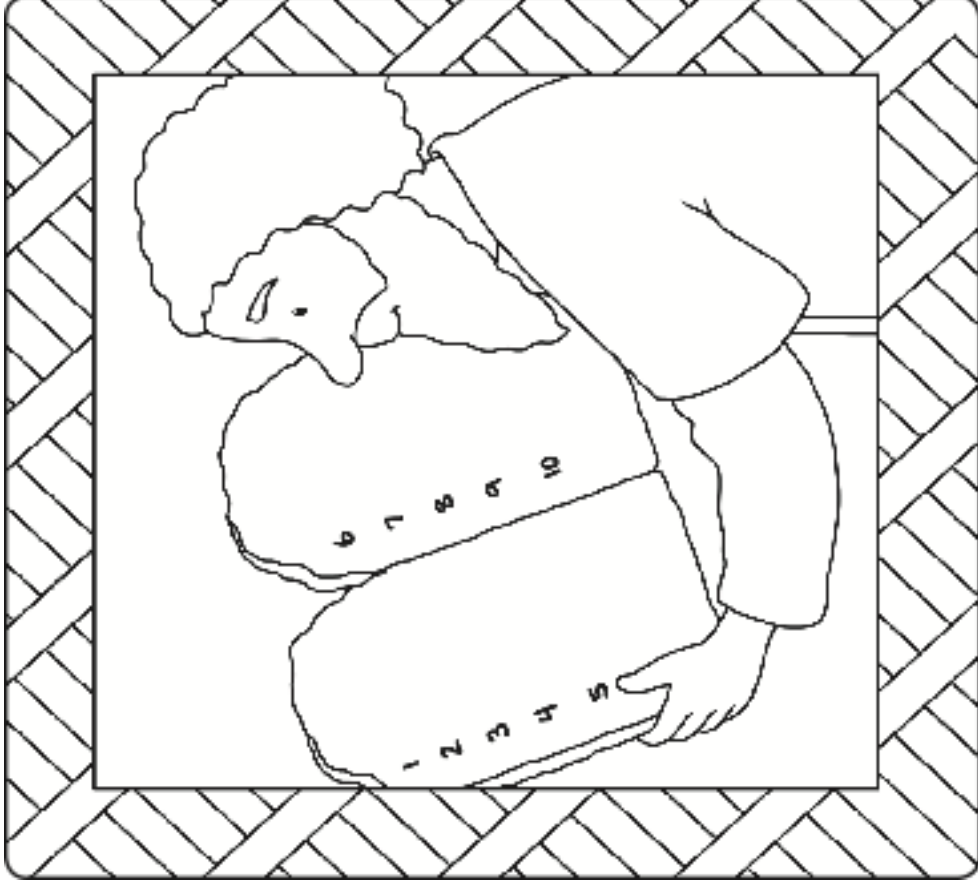

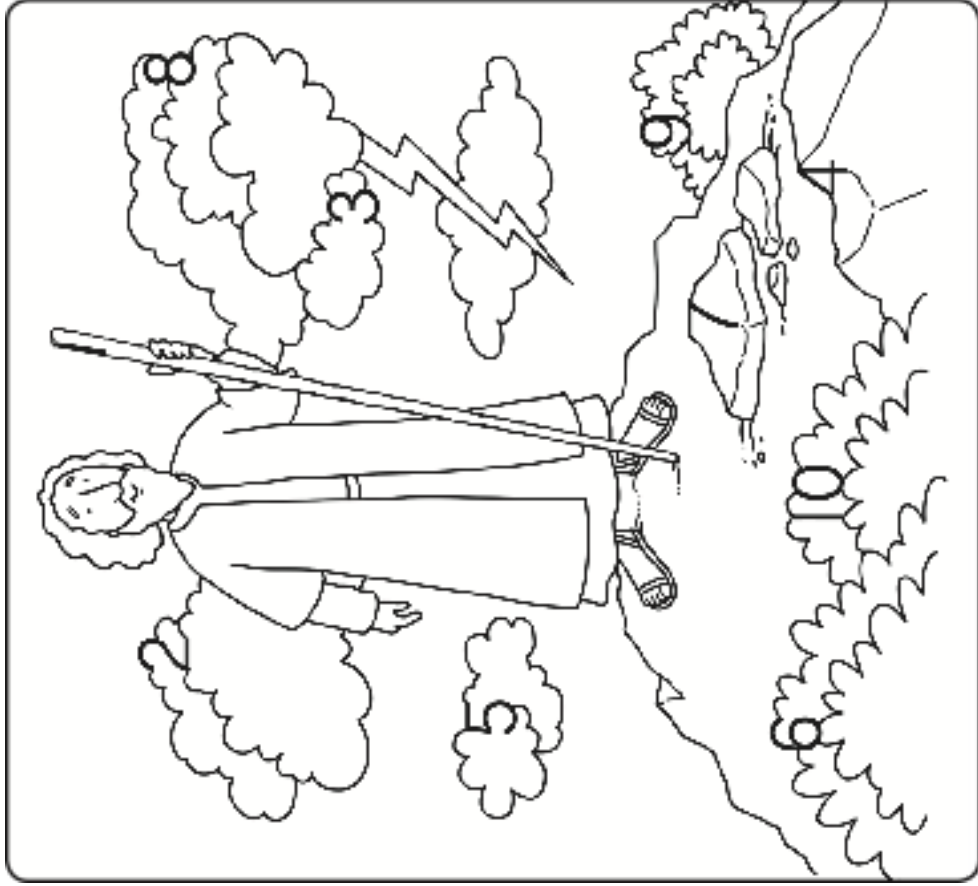

what color was the  
flower in today's  
treasure box (on the  
Day 2 Recreation  
video)?

count the frogs and  
flowers. How many  
are there all  
together?
